INTRODUCTION

In presenting my 1932 list of dahlias I have omitted full description on the older varieties as I feel they are well known. I wish at this time to thank my many customers for their kind patronage and I shall try my best to merit a continuance of that patronage by sending out only the best stock.

HAVE YOU TRIED MY GREEN PLANTS? I have shipped them far and near with the best results. Plants shipped to the state of Washington, and Oregon came through fine so my customers say. One man in Michigan writes, "When I dug my tubers this fall I could tell your plant clumps from other tuber clumps they did so well."

Many others have written the same in regards to my plants, why not try them.

MRS. FLORENCE LAMB (FD)

Large 10 inch blooms well out above the foliage on long stout stiff stems, a very sturdy grower with dark green foliage. Color is a deep garnet at the center, shading a bit lighter at tips of petals. Has been very much admired the past two seasons. Tubers \$5.00 Plants \$2.50

ADELICIA (ID)

A novelty of rare beauty, one that makes you go back the second time before leaving the garden. Plant grows about five feet tall and very robust. Stems are very long and stiff holding the seven and eight blooms well above the foliage. The petals are settarated with three and four petloids at the base of each petal making the blooms very attractive. Color is pale lilac shading to white. Tubers \$5.00 Plants \$2.50

MRS. STANLEY R. PERRY (SC)

In this mammoth bloom we have a beauty that will grow twelve inches without any extra care. The plants are tall growing with great long stems that can be cut three or four feet long with the blooms standing erect, six and seven of these large blooms on one plant at the same time are very common to see. Color is deep orange, base of petals chrome yellow with a slight trace of carmine at tips of petals.

Tubers \$10.00 Plants \$5.00

KING OF YELLOWS (ID)

A very large flower of nine to ten inches in size, with very narrow wavy petals. Won a certificate of merit at Storrs in 1930. Color is buttercup yellow. Tubers \$10.00 Plants \$5.00

ALICE MEUSSDORFFER (FD)

This large and beautiful dahlia is one of the best. The color is pinkish orchid, without a trace of any other color. Has won many prizes the past season. Plants only \$7.50
